Occitane: Intermediate

## HOBBIES

Reading  
Photography  
Frisbee  
Cooking  
Code Katas

# GIUSEPPE LOCANTO

SENIOR FRONTEND DEVELOPER

## ABOUT

**From Italy to Spain, from medicine to programming, because the knack of fly lies in learning how to throw yourself at the ground and miss.**

After a life of medical studies I chose to focus on what I always was passionate about. Enthusiasm for learning and thirst for knowledge together with dedication to work and attitude have lead me to obtain significant results in a short time.

My mission is to work for a company that pay attention on continuing education to expand my stack and consolidate the skills I've already acquired.

## PROJECTS

### Lili App

*Gift managment and social network*

React 16 project with full implementation of functional components, hooks, HOCs and Redux.  
Whole arch & frontend but the landing page.  
Site: <https://theliliapp.com>

### EVO Banco

*Microsite for EVO main page, mortgage simulator, mortgage main site.*

Angular 10 project with Akita store, testing with jasmine, google tag manager, and electronicID implementation for secure login.  
Whole arch and mayor part of frontend.  
Site: <https://evobanco.com>

### Hiber Supermercados

*Store mobile app*

Ionic 4 + Angular 10 mobile app for IOs and Android with google maps integration.  
Contributor.  
Site: PlayStore and AppStore

## WORKING BACKGROUND

### Innocv Solutions

*Senior frontend developer and team lead, Jun 2019 - Present*

In charge of company React App development.  
Part of the only multiproject / multiclient team of the company.  
From kickoff to delivery of several project providing extensive support to clients as to workmate.

### Cantine Locanto

*Owner, 2015 - 2018*

Owner of Cantine Locanto winery. From vineyards management to bottling, I carried on the family winery implementing latest bio techniques in wine-making and wine-ageing, realizing wine not only as a business but as a set of human and cultural values, passions and traditions.
